

The Squirrel Who Saved the Sunshine

Small actions can make a big difference!

One bright morning, Sami the squirrel found a tiny golden seed under an old tree. "What could this be?" he wondered. His friend Pip the bird chirped, "Plant it! Maybe something wonderful will grow."

Sami dug a little hole and planted the seed. Every morning, he gave it water. But nothing happened. "I don't think it will grow," Sami sighed. Pip smiled. "Good things sometimes need time and patience."

Sami did not give up. One sunny morning, a tiny green shoot appeared. "Look!" Sami shouted. The plant grew bigger and bigger until it became a beautiful flower with golden petals. Suddenly, the flower opened and filled the garden with warm, sparkling light.

"We didn't save the sunshine," laughed Pip. "We grew our own little sunshine!" Sami replied.
