

Luna the Firefly Finds Her Light

Everyone has a special sparkle!

Luna was a little firefly who lived in a big green forest. She loved watching the other fireflies shine at night, but she felt sad because her light was very dim.

"I'm not as bright as the others," Luna thought. "Maybe I'm not special."

One evening, a wise old owl saw Luna sitting alone. "Why are you sad, little one?" he asked.

Luna explained, "My light is not bright." The owl smiled and said, "Every light is special. You may not shine like the others, but your light can still make a difference."

That night, a storm came. It was dark and scary. The other fireflies hid, but Luna decided to fly. She saw a little rabbit lost in the forest. Using her gentle light, she showed the rabbit the way home.

The rabbit smiled, "Thank you, Luna! Your light is just right."

From that day on, Luna knew that her light was special — because it helped others.

Moral:

Everyone has a special talent, and even a small effort can make a big difference.

New Words:

- dim
- special
- difference
- gentle
- effort

Think About It:

- 1 What makes you special?
- 2 How can you help others with your unique talents?

Draw It:

Draw Luna shining in the sky and helping the rabbit.
